

PRO Clean - Heat pump & air conditioning cleaner

FEATURES

Non-acidic. Easy to use. Pleasant fragrance. Optimizes the performance of air conditioning systems and heat pumps/heat exchangers. Effective against mechanical grease, tar, insects, dust and more. Attacks only the dirt.

USER MANUAL

Shut down the system and disconnect the power. Spray the unit to be cleaned evenly at a distance of at least 5 cm, starting from top to bottom. Make sure that the heating/cooling spiral is completely covered with the cleaner. Allow to soak in for approx. 3 minutes. Then wipe with a clean cloth to remove the dirt. Rinse with water if necessary.

If the equipment is very dirty, it may be necessary to repeat the cleaning process.

In case of misuse leading to loss or damage to the unit, the manufacturer declines all liability. Note: Color variations of the product may occur over time, but do not affect its effectiveness.

WARNING

Proportion of non-ionic, amphoteric and non-anionic surfactants: Less than 5% each. Causes severe eye irritation. If medical advice is required, have packaging or identification label ready. Keep out of the reach of children.

Read label before use. Wash hands thoroughly after use. Wear protective gloves/protective clothing/eye protection/face protection. In case of contact with eyes, rinse carefully with water for several minutes. Remove any contact lenses if possible. Rinse further.
