CLIMATE CHANGE

- Minimise carbon footprint

CIRCULAR ECONOMY

- Reduce use of virgin materials
- Close the loop
- Minimise and recycle waste
- Use sustainable packaging

Environment

Governance & Culture

Social

PEOPLE

- Care for our employees
- WaterStarters in Kenya

GOVERNANCE

- Create policies and guidelines

CULTURE

- Increase awareness and engagement

**THIS IS HOW WE SAVE,
WE CARE, WE GROW**

OUR GOAL IS NOT ONLY TO BE SUSTAINABLE IN BUSINESS, SOCIALLY AND ENVIRONMENTALLY, BUT TO INSTIL IT IN OUR COMPANY CULTURE AND THE WAY WE WORK. FOR OUR EMPLOYEES, CUSTOMERS, SUPPLIERS AND OTHER STAKEHOLDERS.

WELCOME TO THE WORLD OF GREENER CHOICE PRODUCTS

At Bosta, we are committed to protecting the planet by offering eco-friendly products that reduce your environmental impact. These greener choice products are carefully selected based on specific criteria, such as being made from recycled materials, requiring fewer resources to produce and being more energy and water efficient. Our eco-friendly products will also help you save money in the long run.

By choosing our greener choice products, you are making a positive impact on the environment and you are supporting a company that prioritises sustainability. Our Corporate Social Responsibility (CSR) strategy guides our actions, including promoting sustainable practices throughout our supply chain and reducing waste and energy usage.

Join us in making the greener choice for your business and demonstrate your commitment to sustainability and responsible business practices. Choose our eco-friendly products and the planet and your wallet will thank you!

Transform industrial water management with our eco-friendly products, optimising efficiency and reducing environmental impact for sustainable operations.

USEFUL FEATURES TO HELP YOU

We are continuously working to improve our online services. Through adding new features and optimising existing ones, we keep the needs of our customers at the centre of the online experience.

So what are you waiting for? Fulfil your water technology needs through convenient, 24/7 ordering at www.bosta.com.

Available alternatives

If your product is out of stock, click on the alternative icon to view up to 3 carefully selected alternatives.

Favourites lists

Create a list of your favourite products for easy repeat purchase.

Spare parts

For selected products, you can easily find and buy all spare parts via the icon on the product page.

CHATBOT BOB

When browsing the webshop you can talk to our virtual assistant, Bob, to get instant answers to your questions 24/7. Click on the blue bot icon in the bottom right corner of your screen to start a conversation.

QUALITY PRODUCTS FROM OUR OWN BRANDS

WE ARE HAPPY TO OFFER YOU A LARGE SELECTION OF PRODUCTS AND BRANDS, SO THAT YOU CAN BUILD YOUR INSTALLATIONS TO YOUR SPECIFICATIONS.

As we have control of product and brand development, we can always adapt our range to any changes in demand. It means we can supply high-end brands and the best products for helping solve water related issues on a global scale.

WE HELP ACHIEVE THE WATER SOLUTIONS THAT FIT YOUR NEEDS

PROFEC

Couplings, pipes, pumps - Profec offers everything for the professional in water technology. For our own quality brand we look for the best products worldwide at the best prices. You don't have to do that yourself anymore! With Profec you can build complete solutions and the products and spare parts are available directly from stock. All products are also specially selected for professional quality and provided with correct specifications, so that they are guaranteed to do what they are supposed to do. It is not without reason that Profec products are used by thousands of satisfied professionals everyday!

Profec, your smartest choice in water technology.

FLOTIDE

Whether we're talking about swimming pools, watering the garden or collecting rainwater - Flotide makes it easy for consumers to use water more efficiently around the home. Flotide offers a wide range of products that take the worry out of consumers and guarantee value for money. This makes reliable quality available to everyone! **Flotide, water enjoyment @ home.**

NORSUP

Norsup translates the simplicity and pleasure of water into products for swimming pools and water technology with a complete line of innovative, high-quality products. With the best customer-oriented service and innovative apps, Norsup is a quality brand for full-service installers with which they can set up entire installations with confidence among consumers. Norsup is distributed exclusively through selected dealers. **Norsup, bringing water to the next level.**

MAJOR QUALITY BRANDS

We also offer an extensive range of the major quality brands.

OUR TECHNICAL SUPPORT TEAM ARE ON HAND TO HELP

Did you know we have a dedicated tech support team that can speak directly to you or your customer to discuss technical queries? They will resolve installation problems and arrange spare parts to be sent and installed by engineers if necessary.

We don't just supply the right products and systems. We like to contribute ideas that will

help you get exactly what you want, whatever the area of water technology, because every situation requires a different solution. We will make an in-depth study of your project. We will also discuss which parts would be best for the job, and then we deliver the full package. And, if the situation changes, we can respond quickly. That's what we believe customisation really means.

WATERSTARTERS WE CARE ABOUT THE WORLD

AT BOSTA, WE STRONGLY BELIEVE WE HAVE A RESPONSIBILITY TO HELP SOLVE GLOBAL CHALLENGES. NOT ONLY IN WATER, BUT FOR OUR PLANET, AS WELL AS FOR THOSE IN NEED.

The aim of WaterStarters is to make the world aware that community-led solutions are key to improving health. WaterStarters combines traditional water systems and health promotion with data, technology, and pooled funding, forming a franchise concept that creates social impact and economic return. WaterStarters was founded by two divergent organisations: Amref Health Africa, a leading health NGO, and MegaGroup. Together we unite different worlds to build future-proof franchisees that have real impact, on real people.

PUTTING OUR SLOGAN INTO ACTION

At Bosta we use the slogan 'bringing water to life' and we do this by selling water solutions to our customers. But we also want to play a role in making water available to improve the lives of people.

For us, access to water is normal, we turn on the tap and it is there. But in Kenya this is still

a scarce commodity. In urban Kenya, 27% of people do not have access to clean and safe water sources and in rural areas this is more than half. WaterStarters is a social enterprise that combines the experience and know-how of a leading NGO and corporate expertise with local responsibility to create more sustainable and cost-effective water solutions.

WATERPOINTS: COLLECT GIFTS WITH YOUR ORDERS!

HOW DOES WATERPOINTS WORK?

You receive Waterpoints for every online order you place with us over £500. The bigger your order, the more points you get. And at the end of the year, you even get bonus points based on your annual turnover. Your points are automatically credited monthly.

In the Waterpoints gift shop you can then exchange them for beautiful gifts, such as experience vouchers or electronics. Enough reason to join Waterpoints!

Our Waterpoints loyalty programme is our way of saying thank you to our customers.

WOULD YOU LIKE TO PARTICIPATE?

Bosta customers can participate in Waterpoints. Call our sales team on +44 (0)1284 716580 for information on how to join.

If you become a participant, you will receive 25 Waterpoints as a welcome bonus!
