

TigerShark® Series

ROBOTIC POOL CLEANERS

The iconic workhorse of the industry.

Featuring intelligent microprocessor-based technology, TigerShark robotic cleaners scour all pool surfaces quickly and completely. With an on-board pump, they boast strong vacuum power and energy-efficient operation. Their reinforced polyester filter cartridges are easy to clean, just open the cleaner, remove the cartridge and rinse. TigerShark cleaners don't require any additional pumps, hookups or hoses. Because they run separately from the pool's filtration system, less water is used for backwashing. For the best results in less time, trust the cleaners renowned for their reliability, efficiency and ease of use—the TigerShark series from Hayward®.

Three smart robots with a one-track mind for clean.

The TigerShark® series from Hayward® provides three ways to get a total clean in less time. Their proven technologies provide superior reliability, while their efficient, easy-to-use design gives you more time to relax.

Two cleaning speeds: fast and really fast.

- All TigerShark models can clean the pool floor, walls, coves and waterline in just 3 hours.
- TigerShark QC can perform a quick 90-minute cleaning cycle.
- TigerShark Plus has a wireless handheld remote that can be used to steer the cleaner into hard-to-reach areas.

Powerful and efficient vacuum strength.

- Each model has an on-board pump for intense vacuum power as well as superior dirt and debris pickup.
- Built with an efficient 24-volt motor designed to use less energy and lower cost.

Zero hassle for simple and painless maintenance.

- Unique cartridge filter system makes emptying easy, just open the cleaner, remove the cartridge and rinse with a hose.
- Reinforced cartridge elements ensure TigerShark filters last longer and cost less to maintain.
- No extra hoses, hookups or pumps required.
- Runs separately from the pool's filtration system, reducing the frequency of filter backwash cycles saving both time and money.

Specifications	TigerShark	TigerShark Plus	TigerShark QC
Part Number	RC9950CUB	RC9955CUB	RC9990CUB
Remote Control	No	Yes	No
Pool Coverage	Pool floor, walls, coves, waterline	Pool floor, walls, coves, waterline	Pool floor, walls, coves, waterline
Cleaning Cycle	3 hours	3 hours	3 hours / 90 minutes Quick Clean
Pool Size	Up to 20' x 40'	Up to 20' x 40'	Up to 20' x 40'
Pool Surface	Gunite, Vinyl, Fiberglass, Pebble and Tile*	Gunite, Vinyl, Fiberglass, Pebble and Tile*	Gunite, Vinyl, Fiberglass, Pebble and Tile*
Cord Length	55'	55'	55'
Power Supply Input Voltage	115 VAC 60 Hz	115 VAC 60 Hz	115 VAC 60 Hz
Power Supply Output Voltage	24 V DC	24 V DC	24 V DC
Weight	21.5 lbs	21.5 lbs	21.5 lbs
Warranty	1 year	3 year	3 year

* Tile may require foam roller option. Foam roller part number: RCX26011

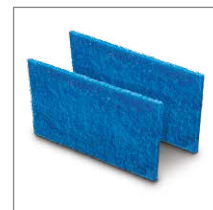

Optional Accessories (sold separately)

Easy-to-clean filter cartridge

Premium Caddy Cart
Model: RC99385

Spring Clean-up Filter Element
Model: RCX70103PAK2
for larger debris
