NOTES

The FX Luminaire Wi-Fi Plug delivers reliable, wireless control for low-voltage outdoor lighting systems. Its compact, IP66-rated design ensures dependable performance both inside and outside lighting transformer cabinets.

As part of the FX Luminaire smart control lineup, this plug offers a simple way to manage landscape lighting. Its innovative design enhances Wi-Fi range and supports effortless installation, making it a standout solution.

The Wi-Fi Plug also gives contractors a quick and easy control option to expand their product offerings. With intuitive app control, users can schedule and operate simple on/off lighting systems from anywhere in the world.

### Quick Facts

- Convenient wireless control enables remote management from anywhere
- IP66-rated durability withstands the elements and reduces maintenance
- Extended Wi-Fi range boosts reliability with fewer signal dropouts
- Status LEDs simplify setup and troubleshooting
- Intuitive design offers easy control of lighting transformers and outdoor devices
- Compatible with the EX and PX transformers
